

Recommended School Supply List for 2020-2021

We thank you in advance for considering these requested items and using the lists below to guide your back-to-school shopping selections. It is important that you label as much as you can with your child's name or initials. Almost all items listed below can be purchased at the Dollarama.

During these times, we want to ensure that all students have their own personal supply of materials. Typically, the school would purchase a classroom supply of various resources that can be shared but this is not the case for the start of this school year. We thank you for your ongoing understanding and support.

All students require the following items as noted below- indoor shoes suitable for running, a refillable water bottle, at least one box of Kleenex for personal use, and a pencil case or a large Ziploc bag to store all personal belongings at the student's desk.

A reminder that masks are mandatory for all children in Grades 4-8. Should your child be in the 3/4 class as a grade 3 student, he/she will also require a mask to be worn.

ELKP
