March 2020
Grade 7/8- Mrs. Zelem

Learning Links

Check out these great websites that students can access to review math & language concepts that we are focusing on in class:

www.ixl.com

IXL is a great resource tool to choose from a wide range of math and language skills.

TVO Mathify is a free resource where students can access online tutors who are certified teachers, from 5:30-9:30pm (Sunday-Thursday) <https://www.tvomathify.com/students>

Prodigy Math Game

<https://www.prodigygame.com/>

Prodigy is an engaging math platform that allows parents and teachers to choose specific math concepts that students will be questioned on, while they play a fun and interactive game.

Extra Math Practice- There is a basket in our classroom where students can take an extra math worksheet to practice different concepts we are working on. They will be notified when new sheets are available.

Free Math Resources

Grade 8 Baby Photos

Although we have a few months before Graduation, it is never too early to start collecting those adorable baby photos! If you have 2-3 photos of your son or daughter that they can bring in to scan (will return same day) that would be great! You can also email electronic versions to sbatey@bhncdsb.ca
